linkedin.com/in/nazlaazzahrahermana | nazlaazzahra.my.id | Jakarta, Indonesia

Informatics student in the final year of study, with hands-on experience in full-stack web development. Looking to contribute to real products and grow as a software engineer in a collaborative team.

EDUCATION

Diponegoro University

Semarang, Indonesia | Aug 2023 – Expected 2027

Bachelor of Computer Science, Informatics (CGPA: 3.57/4.00)

- Software Engineering concentration | Coursework: Software Architecture, Software Quality, Enterprise Systems, Cloud Computing

Universiti Malaysia Sabah (UMS)

Sabah, Malaysia | Mar 2026 – Jun 2026

Student Exchange, Fakulti Komputeran dan Informatik

WORK EXPERIENCE

PetroChina International Jabung Ltd.

Jakarta, Indonesia | Jan 2026 – Feb 2026

Web Developer Intern

- Built the service request and incident reporting modules end to end for an internal IT Helpdesk System on Java 17, Spring Boot, and an 11-table PostgreSQL schema.
- Tested 6 system modules across the ticket lifecycle, identifying and documenting 44 defects, and resolved several of them directly in code.

Laboratory Principles of Digital Design UNDIP

Semarang, Indonesia | Aug 2024 – Dec 2025

Practical Assistant

- Tutored 21 first-year students in digital logic and circuit design across weekly lab sessions.

PROJECTS

Kaloka — Village Literacy Portal

Full Stack Developer | 2026

Laravel, MySQL, React, Tailwind CSS, RESTful API

- Built and deployed a four-module literacy platform for Sobokerto Village in partnership with the Central Java Provincial Archives and Library Office, now live at kaloka.my.id.
- Designed the relational schema and RESTful API in Laravel, serving both a Blade admin dashboard and a React public portal from the same data layer, delivered across 3 agile sprints with user acceptance testing.

Nestica — Furniture Marketplace Built for Student Life

Frontend Developer | 2025

React, Next.js, TypeScript, Tailwind CSS

- Implemented responsive, component-based interfaces from design specifications, integrating with backend APIs for dynamic content delivery.

ACHIEVEMENTS

1st Place, HackAttack 2025

Bandung, Indonesia | Dec 2025

Won first place nationally for ExCellera, a career reintegration platform for formerly incarcerated individuals featuring AI-driven assessment, skill development, and job matching.

LEADERSHIP EXPERIENCE

Head of Communications and Information Division – Himpunan Mahasiswa Informatika

2025 – 2026
